The purpose of this letter is to commend Rudd Construction for their professionalism during the construction of our new home at 150 Exhibition Lane.

The whole process, from conception to completion, was highly satisfying. The Project Manager, the Field Superintendent, the carpenters and laborers, and the office staff displayed tremendous expertise and knowledge.

Rudd's supervisors worked diligently and seamlessly with our architect, translating our needs and wishes into a dream-home-come-true.

Not only do they pay attention to cost-saving details, but Rudd's representatives are highly personable, and mentally flexible. The staff's impeccable craftsmanship and exemplary communication skills are to be complimented. As a whole, the crew had excellent trouble-shooting skills and. We were particularly impressed with the high quality of the subcontractors selected by Rudd for, and by the experience and knowledge Rudd's managers displayed in coordinating and supervising the "subs."

Without reservation, we recommend Rudd as the most competent and qualified professionals in Colorado.
