Carbondale, CO 81623

Dear Max,

I am writing briefly today to thank you for a fine job done on the SRA Remodel at Snowmass Mall. It is definitely a pleasure to work with you and Mark. This job went so smoothly I almost felt guilty for the few times I did actually stop in to check up on the work. I wish they were all like this. I also wish, as I am sure you do, that even more work had materialized out of all our combined planning efforts last spring.

I have expressed our full satisfaction with your efforts to John Unger and I truly hope that he and Shell Management have taken time out to thank you as well. Hagman Yaw is keeping their fingers crossed for further work such as the Cap 'n Cork/Hites Restaurant Project and with any luck you and I will soon have another opportunity to work together soon.

Again, many thanks to you and Rudd Construction for an outstanding effort.

Very truly yours,

Dave Ritchie
Project Manager
