Max Goracke
c/o Rudd Construction
0132 Park Avenue
Basalt, CO 81621

Dear Wayne and Max,

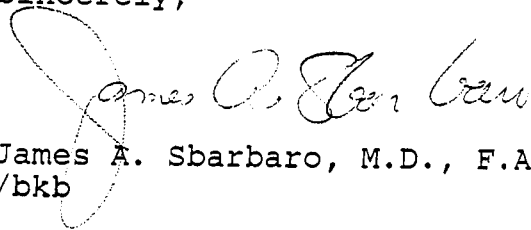

I just wanted to drop you a note to let you know how satisfied I have been with the construction of my home on the corner of Francis and Garmisch in Aspen. I have found Rudd Construction to be an excellent organization with which to work, responsive to my needs and concerns, and first and foremost building what I consider an excellent home of the highest quality for the price.

Special thanks to Gary, Hans, and Mike for all their time and effort. You are certainly fortunate to have employees of this caliber.

Please feel free to use my home as an example of your quality workmanship. As your customer, I must say, that I am most satisfied.

Thanks so much for making my construction project not only bearable, but almost enjoyable.

Sincerely,

James A. Sbarbaro, M.D., F.A.C.C.
