Dear Scott,

We would like to take this opportunity to thank you and Rudd Construction for the wonderful job you have done in building our home in Ridge Run. The workmanship was first rate. Recognizing potential problems and solving them before necessitating costly changes was very much appreciated. And thank you personally for smoothing over some rough spots along the way. You have always been most helpful and cooperative throughout the building process. Thanks to all of you, we now have a beautiful, one of a kind single family home which has received much positive feedback.

Also, we would like to thank John Hawkins for being in charge on a daily basis and ensuring that people and supplies showed up when expected. John took great pride in building the house and the end result shows this.

At some point in time we might consider doing another project. We would certainly call on Rudd Construction for your involvement. Again thank you so much for building this beautiful house.

Most Sincerely,

Donna and Roy Wiedinmyer
